CONSIDERATIONS

Statistically, 98% of couples will use the internet to help plan their wedding this year.

A recent analysis by marketing research firm Marketing Evolution, showed more than a 40 percent lift in web traffic occurred after consumers were exposed to magazine advertisements compared to those who were not. Because of the way brides look for their wedding professionals, we have added an E-Reader to this Special 10 Year Edition of Lansing Bride Magazine. Couples can browse through pages electronically via their computer, laptop, phone, or Kindle and will have access to your business with just a touch or swipe!

We keep it simple: Our goal is to provide brides with online access to local vendors in their respective markets. We do not try to compete with popular bridal sites that provide tips, trends and personal web pages. Our goal is to continue to be the leading LOCAL online resource for brides looking for LOCAL wedding vendors.

All print advertisements come with a complimentary 12-month online listing on LansingBride.com. Also, for those who choose not to purchase a 12-month print advertising in one of our magazines, online-only listings are also available on an annual basis.

LansingBride.com also offers featured vendor and banner advertising upgrades available on an annual basis. Please call for more information about online ad placement.
